

WHAT TO EXPECT

Preparing for Your Coburn's Consultation

Learn more about our consultation process, and see how to best prepare before arrival to get the home update you want.

1. Gather Details for Your Visit

To get the most out of your appointment, please bring as much information and inspiration as you have available. These details will give your Showroom Consultant a clear picture of what you are envisioning to help them select the best options for your space!

2. Plan to Stay for the Duration

To ensure you and your Showroom Consultant can thoroughly review your project and discuss options, be sure to set aside enough time for your appointment and any travel time before or after as needed. Our consultations **typically last 1-2 hours**.

3. Enjoy a Guided Shopping Experience

After an initial project discussion and review of any inspiration and materials you provide, your Showroom Consultant will walk you through product options that fit your budget and style goals.

Don't forget to fill out our Showroom Visit form before your appointment at [Showroom.Coburns.com/Showroom-Visit](https://www.Showroom.Coburns.com/Showroom-Visit).

4. Receive Your Quote

After meeting with your Showroom Consultant, they will review your list of selected products and email you a quote for purchase. If you're working with a contractor or production designer, a quote will be sent to them as well, so they can review directly with you. Should you choose to buy, your products will either be ready for pickup or delivered to you within an estimated time of arrival provided at purchase.

5. Follow-Up Support

Should you have any questions about your purchase, our team is here to help! Simply contact your Showroom Consultant for guidance including any issues concerning your products or information on returns or exchanges.

WHAT TO BRING

- Estimated budget
- Pictures of your space
- Blueprints (if available)
- Examples of brands
- Your style-finder results
